Book now - confirms order

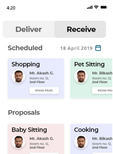
NOTE : to save time, I am assuming he chose 'both provide and receive', below options are according to it (use common sense)

Contracts

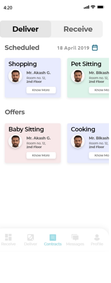


Receive
The user can click on the different pages below, it is the page called 'Contracts'

In the above section 'Receive' is selected. He can also select 'Deliver'. These options are only visible if the user selects option 3 from Figure 1.

In Receive page, 3 things:-
1.Scheduled –all the scheduled services, it only shows who is providing the service and floor no, to know detail click 'Know More'(design confirmation pending)
2.Proposals –all the services the user has posted, and the providers are requesting to provide, these aren't 'accepted'offers, the user can click 'Know more'and accept services from the provider. (design pending)
3. Recents–consists of the previous services in chronological order (design pending)

If there are no jobs either from 1/2/3 show the text 'You haven't taken any services



Provide
Assuming the usershas both profile on and he has selected deliver section.
Two things:
1.Scheduled –these are jobs which are accepted by the receiver and shown here. (Flow of Know more is pending)
2.Offers –these are jobs which the receiver has posted and matches the criteria of the job but the provider hasn't accepted yet, he can click on 'Know More' to know in details of the job description and accept the job.

If there are no either of 1/2then show the text 'You don't have any jobs yet'.
